The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

SOME SUBSTANTIAL STATEMENTS

Fort Wayne, from which the name of the city is derived, was erected in 1794 by General Anthony Wayne at that point where the St. Mary's and the St. Joseph's unite to form the Maumee river, which flows into Lake Erie at Toledo.

It had been an Indian trading post for a hundred years previous, its Indian name being "Kekionga."

It had been held in earlier times by the French, who built a fort for its protection a short distance west, on the St. Mary's river, and later by the English, who constructed a fort on the St. Joseph's, a short distance north of the site chosen for "Fort Wayne."

The area of the city is fifteen and eight-tenths square miles.

Within its corporate limits it has nine miles of rivers —five of the St. Mary's, two of the St. Joseph's and two of the Maumee. All of these river banks within the city are owned by the city, and are to be parked and boulevarded.

Fort Wayne has never had a "boom," and it has never stopped growing. Its population in 1840 was 2,050; in 1850, 4,282; in 1860, 10,388; in 1870, 17,718; in 1880, 26,880; in 1890, 35,393; in 1900, 52,057; in 1910, 71,500; in 1920, 91,600; in 1921, 93,070; in 1922, 94,904, and in 1923, 100,324.

It has four east and west trunk line railways—the Pittsburgh, Fort Wayne and Chicago (Pennsylvania lines), the Wabash, the New York, Chicago and St. Louis (Nickel Plate), and the New York Central lines. It has two north and south trunk lines the Grand Rapids and Indiana and the Lake Erie and Western.

It has six miles of interurban railways, with others building and in contemplation. These railways have a direct connection with the great interurban systems of Ohio and Indiana.

Within a radius of about 200 miles Fort Wayne is about equidistant from her sister cities of Indianapolis, Toledo, Detroit, Cleveland, Chicago and Grand Rapids.

It has no slum district. It is a city of homes, the proportion of home owners to its population being greater than in any city of its class in the United States.

It is known as the "Summit City," as it sits upon the crest of the watershed whence the waters flow east to the St. Lawrence and west to the Mississippi.

It is on the line of the proposed deep waterway known as the Toledo, Fort Wayne and Chicago Trunk Line Barge Canal, which will unite the waters of Lake Michigan and Lake Erie.

It has the best distributed system of parks of any city in the state, seventeen in number, covering four hundred and forty-five acres of land, with one other now being acquired. When these are secured there will be a park within ten minutes' walk of the home of every citizen in Fort Wayne.

It has a Chamber of Commerce with a membership of 1,100, to the members of which the city is indebted for the new Anthony Hotel, costing for grounds, buildings and furnishings over $500,000.00.

It has the finest court house west of the Alleghenies, designed by a Fort Wayne architect and built without a dollar of "graft" going into it.

It has three national banks and two state banks with assets of $30,935,201.46; six trust companies with assets of $33,449,698.92.

It owns its own waterworks with an ample supply of pure deep rock well water, the value of the plant being estimated at $1,625,252.90; the rates are the lowest in the state. There are one 182 miles of pipe.

It owns its own municipal lighting plant for both city and commercial purposes, valued at $1,000,000.00.

It has one hundred and forty-three miles of paved streets, one hundred and six miles beign asphalt and thirty-seven miles of brick; eleven miles of paved alleys; one hundred and eighty-six miles of cement sidewalks, and one hundred and eighty-two miles of sewers.

It has the finest public market house in Indiana.

It has over fifty churches, three large public hospitals, the Irene Byron Memorial Tuberculosis Hospital in close vicinity, two fine opera houses, three large photoplay houses and eight smaller ones, twenty large public school buildings (several with fine playgrounds attached), seven public playgrounds and fifteen fine parochial schools, the handsomest Scottish Rite cathedral in the world, an elegant country club, a $100,000.00 Young Women's Christian Association and a $338,000.00 Young Men's Christian Association.

It is one of the best lighted cities in the country, all of its business section being illuminated with five-light ornamental lamp posts, placed seventy-five feet apart on both sides of the street.

It has three daily newspapers, all of these of very wide circulation, covering all of northeastern Indiana and northwestern Ohio.

It has some of the largest manufacturing plants in the United States, among which are the Pennsylvania shops, the General Electric Co., Fort Wayne Works; the Bass Foundry and Machine Works; Fort Wayne Foundry and Machine Co.; the Wayne Knitting Mills, the largest full-fashioned hosiery mill in the country; the Packard Piano Company; Ft. Wayne Engineering & Mfg. Co.; the Western Gas Construction Company; the Bowser Oil Tank and Pump Company; the Wayne Oil Tank and Pump Company; Tokheim Oil Tank and Pump Company; the Van Arnam Mfg. Co.; the General Electric Lamp Factory, the International Harvester Company, and many others.

Whose Foot Are You Standing On?

When someone stops advertising,
Someone stops buying;
When someone stops buying,
Someone stops selling;
When someone stops selling,
Someone stops making;
When someone stops making,
Someone stops earning;
When everyone stops earning,
Everybody stops buying.
Then the bread line.

e **Alphabetical List** of Citizens, business concerns, rcial, professional and industrial organizations ex- nrough Pages 101 to 1234.

he **Classified Business Directory** follows the alpha- al section and on Pages 1235 to 1335 sets forth the us manufacturing mercantile and professional occu- ons compiled in alphabetical order under headings ropriate to the class of industry pursued or profession lowed. This department constitutes an invaluable tome of the business interests of the city.

The Street and Avenue Guide covers 26 Pages and fort has been expended to make this feature of the irectory complete and accurate in every detail.

In the enumeration of citizens, business concerns and corporations the Directory canvass has not been confined to the corporate limits of Fort Wayne, but was extended to and embraced the suburban areas immediately adjacent to the city—the citizens of which are practically one with Fort Wayne, in social and industrial interests. The Federal census of 1920 credits Fort Wayne with a population of 86,549. The publishers, after a careful count, announce the present population to be 100,324.

The figures are based on an actual canvass and careful count, the names total 50,162 which multiplied by 2 gives the population announced.
